

## Customer Success

### Reedy Creek Improvement District

Reedy Creek Improvement District is a public corporation of the State of Florida located in Lake Buena Vista that is responsible for government services like land use, regulation, and planning, across the many acres of Florida's resorts.

#### Challenges

- Requisitions waiting on managers' desks
- Requests lost
- No visibility of requisition timeline
- Lack of control in budgeting

#### Requirements

- Manage accounting practices & requisitions
- Efficient as possible
- Web-based solution

#### Solution

Implementing Paramount WorkPlace Requisition with its seamless integration with Microsoft Dynamics GP.

- Paramount WorkPlace provided a requisition solution that streamlined their process by providing visibility to all users of where the requisitions are in the process.
- The new workflow and automation allowed approvers to be reminded of requisitions pending approval and the ability to view budget to actual and get a warning when items are over budget.

#### Benefits

- |                             |                            |
|-----------------------------|----------------------------|
| ✓ Visibility                | ✓ Streamlined Requisitions |
| ✓ Control                   | ✓ Increased efficiency     |
| ✓ Time savings              | ✓ Workflow visibility      |
| ✓ Advanced spending process | ✓ ERP integration          |

"The time it takes for a requisition has been greatly reduced, and there is greater visibility of where the requisition is in the workflow," Susan observed. Reedy Creek has also experienced improvement in spending behavior.

Reedy Creek has significantly improved their spending habits, and have greater visibility and control on their organizational costs.
